FIRST YEAR

In the first year, you will learn new ways to look at the world and at your connection with it. You have the opportunity to discover a new language, a new way of thinking that's not linear in approach, but circular.

You will be introduced to the brilliant paradigm of the Sweet Medicine Wheels. Every position on these wheels has specific elemental qualities that you can overlay together. All of the wheels can create holograms that allow you to deepen your understanding about these elemental qualities.

The right hemisphere of our brain naturally works in a circular way and it can be easier for you to understand and remember things placed on a wheel.

WHAT WILL YOU LEARN?

- ✓ Basic **Twisted Hairs*** Wheels for understanding the World.
- ✓ How to create your own Protection Bundle.
- ✓ Earth Astrology and your Totem animals.
- ✓ How to connect with trees and gain wisdom.
- ✓ How to shift your Reality Perception point.
- ✓ How to balance the Chakras.
- ✓ One of the most powerful tools to understand the functioning of the human consciousness: "the Star Maiden Circle".

You will get different ceremonial experiences, a sweat lodge in every session, a Journey in the Lower World to look for your Power animal, a special night on a mountain to talk with your ancestors and much more.

SECOND YEAR

If the first year is primarily dedicated to getting to know the Worlds of Grandmother Earth, the second year looks at the inside of the person. You will be guided with training and supervision to understand how your story was fixed into your body and how this molding and sculpting can limit you. And, at the same time, you can learn how to tap into the potential of who you are and how you step out into the world.

You will gain a new understanding of what “character refinement” means, a difficult and tough challenge but most exciting as well. Other teachings include the “Great Work” where you see what opportunities you have in this life experience. You will learn the ways to confront the most uncomfortable parts of yourself and bring them into the light.

WHAT WILL YOU LEARN?

- ✔ Your unique way to resist change and how to reverse this pattern.
- ✔ How to understand and confront your life tyrants.
- ✔ The way you wrote your Personal Story and how you can begin to re-write it.
- ✔ Find and start using your Healing Tools.
- ✔ What is the Sacred Image of the Body and your Character Structure.
- ✔ What are the Sacred Laws of the World and of the Spirit.
- ✔ You will be introduced to the Medicine Pipe, one of the most powerful alchemic tools on the **Sweet Medicine SunDance Path***, known and used by many people of the Earth.
- ✔ How to build a Dream Mesa, to actualize what you desire in your life.

You will get many more ceremonial experiences, one to increase your life energy, one incredible Ceremony to meet Benevolent Death and much more.
